## WINGS Half-Day Employee Wellness Program

WINGS Half-Day Employee Wellness Program, designed to enhance employee well-being through a structured approach based on three essential pillars: upgrading people skills, mindset mastery, and shifting lifestyle. The program aims to foster a healthier, more productive workplace by equipping employees with the tools they need to thrive both personally and professionally.

# Program Overview

The WINGS program is a half-day initiative that focuses on three core pillars:

### 1. Upgrading People Skills

are crucial. This segment of the program will focus on:
 Active Listening: Techniques to improve understanding and empathy in conversations.

In today's collaborative work environment, effective communication and interpersonal skills

- Conflict Resolution: Strategies to handle disagreements constructively.
- Team Collaboration: Building trust and fostering teamwork through shared goals.

**Building Effective Communication** 

# Active Listening Techniques for better understanding and empathy. Conflict Resolution Strategies for constructive disagreement handling. Team Collaboration Building trust and fostering teamwork.

### A positive mindset is essential for resilience and adaptability. This part of the program will cover:

failures.

**Growth Mindset** 

**Encouraging employees** 

to embrace challenges

and learn from failures.

2. Mindset Mastery

Growth Mindset: Encouraging employees to embrace challenges and learn from

mindfulness practices.
Goal Setting: Helping employees set and achieve personal and professional goal

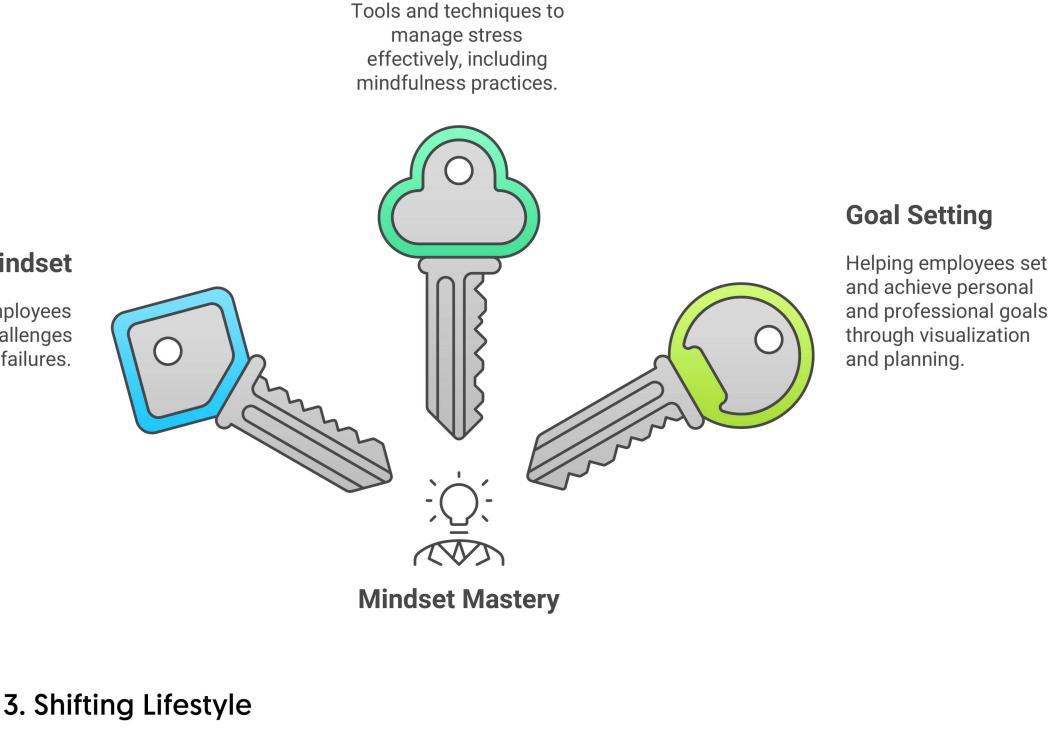

• Stress Management: Tools and techniques to manage stress effectively, including

- Goal Setting: Helping employees set and achieve personal and professional goals through visualization and planning.
